Dear Mr. Weisberg,
Congratulations on your many fine books.
I've read that you are very generous with sharing info with other researchers; therefore, my note.
Specifically, I'm interested in the church that David Ferrie and others in the JFK case were members of. The author, Brad Steiger, claims that Lee Oswald and David Ferrie attended black magic rituals in New Orleans together.(Satan's Assassins)
Do you have any knowledge of this aspect of the case? Do you know of anyone who has looked into this aspect of the case? Thanks in advance for any help you can give.
